### **FOR IMMEDIATE RELEASE**

#### Artesia Park Tee-Ball Field Renovation

Renovations are underway to restore dirt infields on the tee-ball baseball fields at Artesia Park. When complete, the project will allow for better utilization of the fields by providing tee-ball players with dedicated dirt fields, while also freeing up the larger baseball fields at the park for other divisions.

This project is a great example of the City and the community coming together to provide great opportunities for the City's youth. The City would like to thank the wonderful tee-ball program volunteers that helped clear the fields prior to renovations.

The restoration of dirt infields on these tee-ball fields is the first step to providing a renovated and dedicated tee-ball baseball field. The current renovations are expected to be completed by March 10, 2018 – Opening Day for City of Artesia softball and baseball programs.
