FOR IMMEDIATE RELEASE

Scheduled Tree Trimming for District 1 Set for August

Starting this week, the City of Artesia's tree maintenance contractor West Coast Arborists will begin scheduled trimming for trees in tree maintenance District 1. District 1 includes all areas of the City north of Artesia Boulevard.

This scheduled trimming for District 1 is in accordance with the three-year trimming cycle implemented by the City in 2017. Following this schedule ensures that trees are kept in good health and that all areas of the City are serviced regularly, maintaining a strong, healthy tree canopy for the community.

District 2 will be trimmed later this year. Completing trimming for Districts 1 & 2 this fiscal year starts the second full tree maintenance cycle since the maintenance plan was implemented in 2017. Recognizing the importance of a healthy tree canopy, the City will continue to take care of its trees and to find opportunities to add more trees for the benefit of Artesia residents.

###

Located in southeast Los Angeles County, Artesia is a diverse, vibrant city with nearly 18,000 residents and a dynamic business community. The City of Artesia, a leader in sustainability practices and winner of two 2018 Beacon Spotlight awards, is focused on serving the community with sound governance, 21st century infrastructure, and a commitment to public safety.
