Home Security and Alarm Rebate Pilot Program Application

Guidelines & Instructions: Please read the following guidelines and instructions closely before submitting your rebate application.

The City of Artesia's Home Security and Alarm Rebate Pilot Program assists residents by offering a rebate to those who purchase a home security and/or alarm system for their home. Artesia homeowners will be eligible to receive a rebate of up to \$250 for the purchase of a home security and/or alarm system of their choice.

To be eligible to receive a rebate, an Artesia resident must own their home and must have purchased a new home security and/or alarm system. Eligible products include a stand-alone home alarm system, or a home alarm system together with a security camera system, doorbell camera, exterior flood light with cameras, motion sensor light with cameras, or similar product that augments the security capabilities of the alarm system. The rebate may not pay for fees for a security service, only for eligible home security hardware as described above.

Applications must be submitted within 60 days of the purchase date. The rebate program will be limited to one rebate per household and offered on a first-come, first-served basis. Funds are limited, so residents are encouraged to apply as soon as possible.

For this application to be considered complete, it must include a copy of the receipt or paid invoice of the home security and/or alarm, as well as a photo of the installed system for verification purposes. Within two weeks of application submission, applicants will be notified if the application is approved, or if there is additional information needed. Once an application has been approved, the rebate will be processed.
